## New:

### Large levelling head II – now with panorama rotation

Based on the superior engineering of the 3D Micro and 3D Levelling Heads, Linhof continues to adopt the same philosophy in their new Tripod Head products launched at Photokina.

New for Photokina Linhof launch a Levelling Head series with three variations. All variants assure exceptionally stable and vibration-free stepless levelling by two spherical segments. There is 17 degrees of angle available with a load capacity of 10 kgs.

A perfect instrument for measuring devices as well as general photography.

#### Large levelling head II D

with dovetail-track, incl. plate

003657

This head is equipped with a dovetail-track including adapter plate (003693) and is therefore compatible with Arca, Novoflex etc.

The panoramic rotation unit and spirit levels as seen on the 3D series allow precise control settings. The square designed base component is fitted with a 3/8" thread. As an accessory, the 40 mm adapter plate (003692) can be used, which then replaces the 50 mm standard plate.

Price: 575,-

003657

#### Large levelling head II QF

with Quickfix I adapter plate

003658

This head is identical to 003657, but has an attached Quickfix I adapter and comes with QF adapter plate (003875).

The QF adapter plate for 35 mm cameras (003878) is also recommended for the Master Technika series when the baseboard is dropped.

Price: 575,-

003658

#### Large levelling head II Basic, 3/8"

003656

A basic model without panorama rotation unit, scales, spirit levels and quick-change adapter. Equipped with a 3/8" camera screw, this head is designed for those users who already own a panorama plate (003673 or 003674).

Also recommended for applications where a frequent change of equipment is not required.

Price: 398,-

003656

#### Large levelling head II Basic, 1/4"

003655

Same as 003656, but with 1/4" camera screw.

Price: 398,-

**New:****Heavy Duty Pro Tripod „Vintage“**

oiled ash wood, 91 / 155 cm

003324

The Classic Linhof Heavy Duty Pro Tripod is now presented in a „Vintage“ version and serves as a fine complement for professional large format cameras. The noble design with oiled ash wood tripod legs has the same technical characteristics as the proven Heavy Duty Pro Tripod – it is absolutely robust and stable. In transport position, the length is 91 cm, and 155 cm are extended achieved. New is the scale on the extendable tripod legs. The new tripod top plate 90 to 70 mm is available as an accessory (031477 or 032964) and completes the tripod.

If more height is required, the „Vintage“ can be completed with the Large geared centrepost (003755).

Additional accessory: tripod case without or with large centrepost (023309).

Price: 1.450,–

The „Vintage“ with oiled ash wood legs and scales for repeatable positions.

Leg extension can be locked to any desired height by eccentric clamps. The tripod feet are convertible from metal tips to rubber pads, suitable for all surfaces.

**New:**

**Tripod top plate 90 to 70 mm, 3/8"**

031477

The new tripod top plate used in professional tripods with 90 mm dia. clamp mount for attaching tripod heads with 70 mm base diameter. 3/8" camera screw.

Price: 98,-

**Tripod top plate 90 to 70 mm, 1/4"**

032964

Same as 031477, but with 1/4" camera screw.

Price: 98,-

Tripod top plate 90 to 70 mm,  
3/8" camera screw  
031477

The Linhof „Vintage“ tripod (003324) with  
inserted tripod top plate 90 to 70 mm,  
3/8" camera screw (031477).

**New:****Stitching slide for Graflok back**

for digital backs with live view

001689-S

More and more users want to be able to use their valuable 4x5" view camera with digital backs. Linhof therefore now introduce the Graflok fit stitching slide for digital backs with live view. In connection with suitable lenses large format cameras can also now be used with digital technology. Integrated stops permit stitching: 2 shots enlarge the image size of digital chip backs. The stitching slide accepts the adapter plate (001700, 001701, 001702) with attached digital back.

For those users who also want additional groundglass control, even when working with live view digital backs, a groundglass adapter (code 001690-S) is available. The adapter can hold all groundglasses of M 679cs and Techno systems.

Price: 1.395,-

Stitching slide for Graflok back  
for digital backs with live view  
001689-S.

Linhof Master Technika 3000  
with Stitching slide (001689-S) and  
an adapted digital back, mounted  
on new Large levelling head II (003658).
